## AMUSEMENTS

### "THE DEEP PURPLE" AT THE BUTLER TODAY

The screen play, "The Deep Purple," written from Paul Armstrong's book, Wilson Mizner's stage play, will be the special attraction at the Butler today, and will unfold to the audience an intimate picture of the underworld. Because of the great attention paid to detail, there is an unique instructive value in the picture. In that it exposes methods used by a certain class of criminals. The story is based on what is known in police vernacular as "the rader game," which has been used many times in film and stage plays. But never has it received better treatment than has been given this picture by Director R. A. Walsh.

The story centers around a whole-some young country girl, who unwittingly becomes the pivot of a daring blackmail plot involving a prosperous young mining engineer. The conspiracy is exposed, but the mining engineer feels instinctively that the girl is a victim of circumstances, and that her sweet, wholesome nature is not a sham. How this girl justifies his faith is revealed with telling effect in this thrilling drama. A Prisma film will be added to the program.

Tomorrow, Charles Ray in "Paris Green" and a Mack Sennett comedy, "The Gingham Girl."

Monday, "Homespun Folks," the first big picture of the Associated Producers.

## ALL REPUBLICANS IN WHITE PINE

With 17 precincts out of the total of 23, the returns show that the epidemic of landslides hit the local candidates with the same force as the national ticket. Henderson being the only Democrat to carry the county, his White Pine plurality being about 175, says the Ely Times.

The assembly is Republican, William Royle, an ex-service man, leading his ticket with a vote of 1357; J. M. Lockhart next, with a vote of 1249, and Charles S. Chandler, the third member, with a vote of 1194.

Fred Clark, for short-term county commissioner, had a total in the 17 precincts of 1536 against John Weber, the present chairman of the board of county commissioners' \$21. Robert Baird for long-term commissioner received a vote of 1424 and W. E. Meyers, present commissioner, received 913. C. A. Walker, candidate for district attorney, received 1354 to 1054 for H. W. Edwards, incumbent. In the contest for sheriff Henry Nicholson received 1254 while W. S. Enslow, incumbent, received 1163.

The contest for the office of sheriff was the only one on the ticket where the majority could not be counted in the hundreds. D. C. McDonald won over James H. Collins with a vote of 1205 against 862 for justice of the peace.

Thomas A. Bath, the present county treasurer, hooked his chariot to the Republican star and polled the highest vote among the local candidates.

### ANNE MARTIN GAINS

Anne Martin, independent candidate for senator, will receive more votes this year than she did two years ago.

Returns up to last night indicated that she would have several hundred more votes than formally, at which time 4265 votes had been recorded, which is 21 over the 1918 vote and several counties are to be heard from.

## REPUBLICANS WIN ALL OHIO SEATS

(By Associated Press)  
COLUMBUS, Ohio, Nov. 5.—For the first time in history Ohio will have a complete Republican congressional delegation. The returns on Wednesday showed the election of 21 Republican congressmen, and a Tabulation of the Third district yesterday showed that Fitzgerald, Republican, had defeated his Democratic opponent, making the whole delegation Republican.

### CARD OF THANKS

I desire to express my thanks to the voters of Nye county for the splendid support given me on election day. It will be my earnest endeavor to fulfill the duties of my office in a manner that will merit the confidence reposed in me.

# Highland Oil Company to Drill in Oil Basin

Another of Nevada's prospective oil regions is to be thoroughly tested by deep drilling in the near future when the Highland Oil company of Nevada will start its well in Oil Basin, in the eastern part of Nye county. Oil Basin lies about 140 miles northeast of Tonopah and about 20 miles from Carrara, running from Nye into White Pine county, and the Highland company has among its stockholders a number of Tonopah people.

The well they propose to put down will be the first one ever drilled in Nye county. In May of last year William Nance and Charles Anderson of this city brought in several specimens of black shale from what is now Oil Basin, each specimen reeking with black, greasy oil. A number of companies were immediately organized, but none of them have started active operations until the announcement made yesterday by the Highland Oil company.

The property of the Highland company lies in the center of the basin and comprises the northwest quarter of section 28, township 11 north, range 60 east. It has been examined by competent geologists who pronounce that surface indications point to the existence of an oil pool of large size. Fossil shales are found in large quantities throughout this region. The basin lies in the White river valley running north and south between the Egan range and

### MARVIN KENNEDY TO RETURN HOME TODAY

Mrs. C. E. Kennedy received a dispatch this morning stating that her son, Marvin Kennedy, would arrive in Winnemucca today. He was with the American expeditionary forces in France and after the war joined the Red Cross service and is returning from Montenegro, where he was located for the last year.—Humboldt Star.

The Marvin Kennedy mentioned is a nephew of Mrs. Oline Stewart of Tonopah.

# BOSTON OIL & GAS COMPANY

A NEVADA CORPORATION

2,000,000 SHARES.

PAR VALUE 10 CENTS

This company is operating under a permit actually issued by the Secretary of the Interior by which work will proceed at once or as soon as machinery can be installed. This is no long distance promise of the chance of getting a permit. The license under the seal of the Interior Department is here, and there is nothing to prevent the Boston Oil & Gas Company from going ahead without any of those nerve-racking waits that at one time threatened to impair confidence in the oil resources of the Fallon field. The Fallon Oil Field is now known to be proven territory, as the consensus of all geologists is that geological conditions are ripe for bringing in another great oil field that may prove the surprise of the world.

### ANNOUNCEMENT

After a very careful investigation of the Fallon Oil Field I have decided to enter the activities of that District. My investigations included personal examinations, a careful consideration of the reports on the district by Geologists of high reputation, and an exhaustive report by a geologist sent into the field by myself. I am fully convinced that the Fallon Field will soon become one of the large producing districts of the United States. With this in view I have incorporated the Boston Oil & Gas Company, which owns permit granted by the Secretary of the Interior upon Section 9, Township 18 N, R 31 E. The land is in close proximity to the discovery well of the Fallon Oil & Gas Company and is considered by geologists to be as good as any in the district. The Boston Oil & Gas Company is being financed by New York and Boston capitalists, but a small amount of stock has been set aside for my Nevada clients.

HARRY C. STIMLER

### NEVADA—THE VIRGIN OIL RESERVOIR OF THE NATION

**PROSPECTS OF OIL**—We look for the greatest boom Nevada has ever had as soon as the Fallon Gas & Oil Co. receives its permit, which has been promised by the government adjuter within the next few days. Well No. 1 will then be reopened so that the public will see that oil in commercial quantities has been found in the Fallon field. Seven rigs are actually drilling and more are getting ready. They are waiting for their permits, of which only five have been issued to date. Watch for the race to strike oil when these drills begin churning up the earth.

### ALLOTMENT FOR TONOPAH

The first offering of a small block of shares in the Boston Oil & Gas Company through the TONOPAH BANKING CORPORATION or the H. C. STIMLER CO., Mizpah Hotel, will be sold at 12 1/2 CENTS PER SHARE. The second allotment has already been underwritten in Boston at 25 cents a share.

FOR FURTHER INFORMATION ADDRESS, H. C. STIMLER COMPANY, TONOPAH, NEVADA.
